RUSSIAN SITUATION IS IMPROVING

Kerensky's Men Stiffen Their Resistance; Naval
Battle Is in Prospect

(International News Service.)

Washington, Sept. 8.—Diplomatic relations between the United States and Sweden are strained today as the result of the discovery that German official telegrams were forwarded to Berlin through the Swedish legation at Buenos Aires. The fact that messages from German Charge d'Affaires Lusburg at Buenos Aires to the German foreign office had been forwarded through the foreign office at Stockholm was revealed in an official statement by the state department this afternoon.

The messages concerned the diplomatic situation in Argentina and dealt with the methods to be pursued with submarines in sinking Argentine ships. The text of the message forwarded to Berlin by way of Stockholm is in the hands of the state department. How the messages were secured is not known.

Sweden always has been believed to be pro-German in its sympathies. The protestations of the Swedish economic commission did not particularly impress the state department, it is said.

Washington, Sept. 8.—Revelations by Secretary Lansing that Swedish diplomatic officers were permitted to use the cable facilities for transmitting official dispatches to Berlin through the Swedish foreign office, made diplomatic Washington catch its breath this afternoon. Admittedly the relations between the United States and Sweden are strained. The character of the message is believed to be such that a declaration of war on Germany by the Argentine republic is almost certain.

Stockholm, Sept. 8.—A heavy force of German warships, accompanied by submarines, has been sighted steaming through the Baltic, said a dispatch to the newspaper Sydsvenska Dagbladet today. The vanguard of the fleet is made up of torpedo boats and submarines. The squadron is said to consist of part of the German high seas fleet. An attack upon the naval base defending Petrograd is expected.

The Hague, Sept. 8.—The Kaiser has entered Riga in military state, according to advices from Petrograd today. After reviewing the troops and bestowing decorations, the Kaiser appointed Gen. Von Allen as governor of the city.

NEW WAGON AXLE SHOWN TO COUNCIL BY LOCAL INVENTOR

Walter Griffin, carriage maker, came before the Decatur city council last night with a new patented wagon axle with the request that the council aid him in making a demonstration of his invention, and the ultimate establishment of a wagon factory. The council, after discussing the proposition, decided to call an informal meeting to discuss further action. Mr. Griffin has a patent pending on his new wagon axle.

The proposition was submitted to the city council for the establishment of a colored hotel in the old Austin hotel building, but was rejected by the council because the proposed site is too much in the heart of the city.

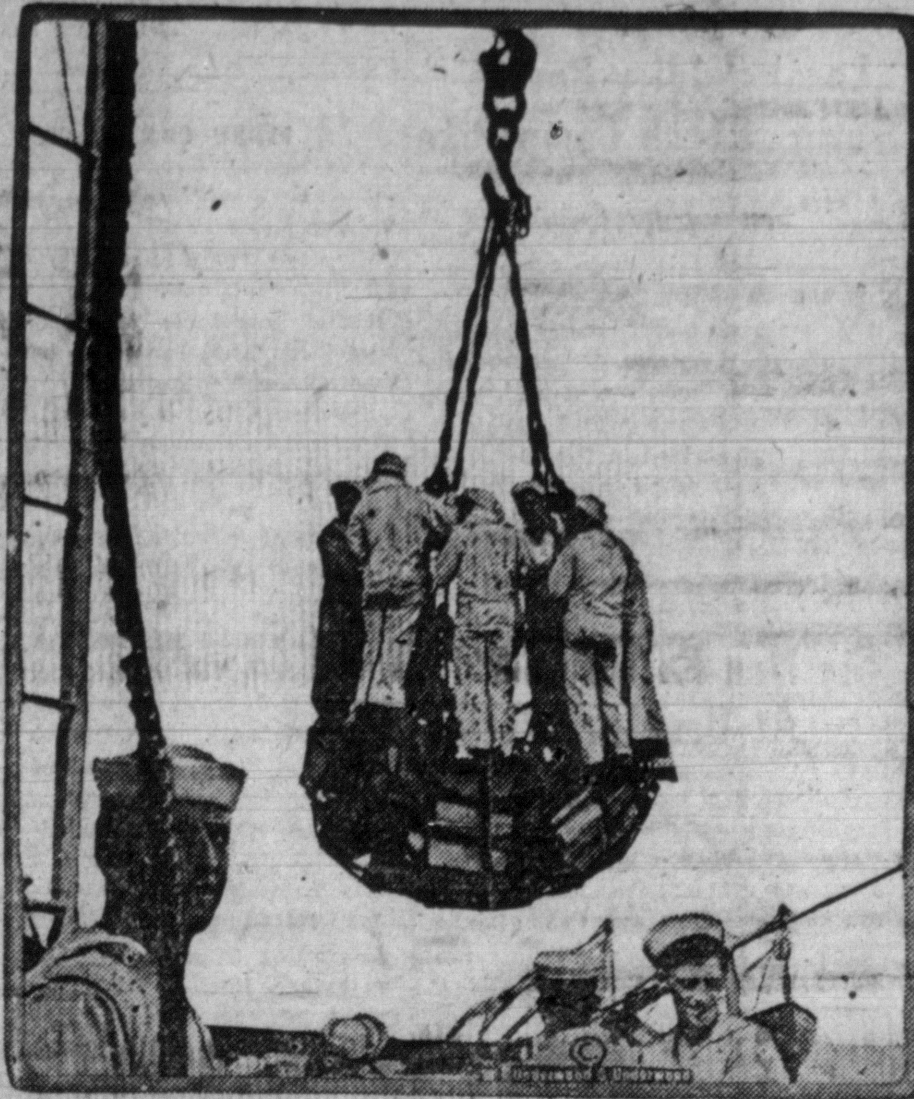

The monthly report for August of Chief of Police E. A. Carriger showed 62 arrests made, 16 cases discharged and three pending trial. The total fines imposed were \$464.80. Only one fire was reported for August by Chief L. H. Kilgore of the fire department. The fire occurred at the house of Ben Freeman, Seventh avenue, west.

First Bale of Cotton Ginned Here Today; Was Not Sold

The first bale of cotton for the present year was brought to the Southern Cotton Oil Company this morning by J. G. Finley of Decatur,

and was ginned. Owing to the decline in price, due to the government report issued today, Mr. Finley declined to sell and carried the lint and seed home.

ALL NOW READY FOR BIG BOOSTER TRIP; MANY CARS WILL BE IN LINE

FINAL MEETING TO COMPLETE
DETAILS WILL BE HELD MON-
DAY AFTERNOON AT THE BOARD
OF COMMERCE.

HUGE ADVERTISING CAMPAIGN

PAGE ADS TO APPEAR IN FIVE
NEWSPAPERS. FIVE THOUSAND
CIRCULARS TO BE DISTRIBUTED.

The greatest booster and trade extension campaign ever inaugurated in North Alabama will begin next week, backed up by the live business men of Albany. A final meeting will be held at the Board of Commerce Monday evening at 5 o'clock at which everyone interested in the booster trips is expected to be present. At that time a chairman will be appointed to arrange for the procession of automobiles and to give each car a definite place in line.

The following firms and individuals have already tendered the use of their cars, and it has been impossible for the committee so far to see all car owners: Patterson Mercantile Co., Burk Auto Co., J. H. Calvin, A. Z. Bailey, Jno. F. Lovin, Albany-Decatur Daily, Crow & Crow, Jno. L. Proctor, R. E. Chandler, Sibley & Sandlin, Alabama Power Co., Speake & Moebe, W. H. Aycock & Co., Cook Bros. Furniture Co., Morgan County National Bank, Central National Bank, S. M. Thompson, Ory-Cohen, Sam Malone, Chas. Rountree, Malone Coal, Grain and Motor Co.

Those who have no cars and want to go on one or all of the trips should see some of the above mentioned as to transportation. They will be welcomed on the condition that part of the running expenses of the particular car be paid. The itinerary announced includes Priceville, Somerville, Tanner and Flint for the first campaign Tuesday.

In the meanwhile all are urged to prepare banners and streamers for their cars and to equip themselves with advertising matter. At the different places advertising material of various kinds will be distributed and (Continued on page 6.)

HUGE AIR FLEET FOR BIG BOOSTER TRIP; MANY CARS WILL BE IN LINE

(International News Service.)

Washington, Sept. 8.—The bombardment of an American hospital in France resulted today in officials of the war department straining every nerve to strike hard at Germany in the air. President Wilson is expected to get behind the officials in his determination to shortly use all his power to rush a vast number of aviators and aeroplanes to the French battle front.

Although without reports from Gen. Pershing, it was believed here that the attack marks the opening of a German aero offensive against the American base hospitals and headquarters in an endeavor to prevent the carrying out of the American plans of organization. News of the attack set the war spirit of Washington loose in earnest.

BANK ST. WHARF BEING IMPROVED

ELEVEN CARLOADS OF GRAVEL
BEING PLACED THERE BY
THE CITY.

The boat landing at the foot of Bank street on the river will have several hundred dollars' worth of improvements, following the action of the city council in ordering eleven carloads of gravel to be placed along the wharf. Mayor Nelson has arranged with Mr. Pogram of the Southern railway to furnish one car a day for eleven days.

It is especially the plan to provide a suitable roadway down to the ferry. To this end the bank of the river is being materially cut down and leveled, so that vehicles may get down to the water's edge with ease.

This is a great boon to the city owing to the amount of river freight hauled to and from the boats to the different business houses. At one time yesterday two boats were loading and unloading freight at this important landing place.

HUNDRED THOUSAND TROOPS IN FRANCE NOW, DECLARED RED CROSS CHIEF

MAJ. LEPPERT SPEAKS AT Y. M. C. A. TO AUDIENCE ESTIMATED AT ONE THOUSAND PERSONS. BAND PLAYS.

ANNOUNCES NEW CHARTER

DISLOYAL AMERICANS SHOULD BE IN CONCENTRATION CAMPS, ASSERTED DISTINGUISHED VISITOR. IS NINETEENTH SUCCESSFUL WAR.

"We have over 100,000 troops already in France," was an interesting statement from the address of Major William J. Leppert, director of the Gulf States division of the Red Cross, last night when he was greeted by an enthusiastic crowd on the Y. M. C. A. lawn, estimated at 1,000 persons.

When Mr. Leppert announced that by wire he had just authorized the issuance of a charter for the local society from the New Orleans office, a wave of applause swept over the audience.

Rev. L. F. Goodwin's address, as chairman, when he introduced the distinguished visitor, was an eloquent one, and quite fitting to precede the soul stirring appeal of Major Leppert. Tears were noticeable in the audience as it was recounted by the speaker how that the casualty lists, some of these days, would carry the names of sons of people in this community. Next to this sad news, in general effect, was Major Leppert's powerful indictment of the frightful and inhuman methods of the German imperial government, in its having among other hundreds of cruelties, "the skulls of babies crushed in and then left to die on the cold breasts of their murdered mothers."

The speaker declared in a burst of eloquence that he believed that "the bright particular star of the society was constituted when its members are privileged to help pass the dying in triumph on toward the better world."

Remarkable Musical Program.

About 7:45 o'clock last night the Albany "Booster Band" proceeded up Second avenue, playing martial airs, and at 8 o'clock established themselves on the Y. M. C. A. balcony. The "Star-Spangled Banner" brought every person to their feet, while "Dixie" aroused a volume of cheers. "America," sung by the entire audience, was led by a talented choir of beautiful girls, whose young voices rang clear and true out over the audience and far down Second avenue. It was a bad atmosphere indeed for slackers, potential traitors and hyphenates. The speaker aroused the greatest enthusiasm of the evening when in accents as clear as a bell he said: "There shall be no hyphenates. You have to be an American or you ought to be in a concentration camp. Who fails to perform his or her duty now is a slacker and a traitor. And sooner or later you will be interned as an alien enemy. And if you are to go, I pray that you may go quickly and leave to true people the mighty task of freeing America from a cruel foe and liberating all humanity."

Facts Told by Maj. Leppert.

"Spies recently poisoned Red Cross supplies in Alabama. The Red Cross is a semi-military organization directed by the president. It is not a club in which to gossip, nor is it a place for mollycoddle men. We have four armies fighting Germany:—The Liberty Bond buyers, the food workers and savers, soldier armies, and the Red Cross society, which by November, 1918, is to contain 20,000,000 members. Only five percent of Red Cross funds are allowed to be used (Continued on page 6.)

FRANKFORT ARSENAL IS WRECKED BY FIVE EXPLOSIONS

At Least Two Persons Killed and More Than
Thirty Injured

FIVE BUILDINGS ARE BURNED

Powder Being Pushed Into Six-Inch Shell
Caused the Explosion

(International News Service.)

Philadelphia, Sept. 8.—At least two men were killed and more than 30 workers, among them girls, were injured early today when a series of five explosions at the Frankfort arsenal destroyed five buildings. The Frankfort hospital this morning reported that it had 22 of the injured and one of them was in a serious condition.

The smallness of the casualty list is considered remarkable in view of the fact that about 200 persons were employed in the several buildings at the time. The explosion started when powder was being pressed into a big six-inch shell and rapidly spread to other buildings.

Later this morning the charred body of an unidentified workman was taken from one of the burned buildings.

The dead:
Two unidentified employees.
The missing:
Edward Batzell, Tacony, Pa.
— Fox, janitor.

Later workmen discovered another unidentified body in the ruins, bringing the total dead to three.

Washington, Sept. 8.—Gen. Crozier, chief of ordnance, announced this afternoon that the official version of the Philadelphia explosion which has reached him does not thus far indicate a plot.

America Plans to Capture 300,000 Germans by July

(International News Service.)

Washington, Sept. 8.—Here is another jolt for Hindenburg. American army experts are figuring on the capture of 300,000 Germans before the first of next July. They believe this so firmly that they have asked the house appropriations committee to provide \$25,550,000 with which to take care of the expected prisoners.

Will Bar Pacifists From U. S. Mails

(International News Service.)

Washington, Sept. 8.—Steps are being taken by the government today to bar from the mails all letters and literature of disloyal persons, as well as their periodicals. W. C. Flitts, assistant attorney general, conferred with Judge W. H. Lamar, solicitor of the post office department, on a program that would effectively cut off pacifists from inter-communication by mail.

Draper Explains Why Board Didn't Furnish the Exemption Blanks

James L. Draper, secretary of the exemption board, today made an explanation of why the exemption blanks were not furnished to the men recently examined in this county.

Mr. Draper said: "The reason that the exemption blanks were not furnished by the county board, is that they were not furnished us by the government. Despite our frequent requests, the blanks were not forthcoming."

BOWLES CHAIRMAN LIBERTY LOAN ZONE

LOCAL BANKER HONORED BY ATLANTA LIBERTY LOAN CONFERENCE.

T. A. Bowles, cashier of the Central National Bank, has been appointed chairman of the second Liberty Loan zone, composed of the counties of Morgan, Lawrence and Limestone. In a letter from M. B. Wellborn, chairman of the Liberty Loan committee for the southeastern district, Mr. Bowles is advised of the honor that has been conferred on him.

Mr. Wellborn writes:

At the Liberty Loan conference recently held here, it was decided to adopt the plan of dividing each state into zones, to conduct the second Liberty Loan issue. Each zone is to have a chairman and he is to recommend to the Liberty Loan committee here the names of the chairmen for the various counties in his zone. It would be pleasing, indeed, to our committee if you would accept the chairmanship of the Albany district, composed of the counties of Morgan, Lawrence and Limestone. By doing this you will not only confer a favor upon our committee, but can render valuable assistance to the government in the floating of the bonds in the coming issue.

605,513 BALES OF COTTON GINNED

Washington, Sept. 8.—The census cotton report shows 605,513 bales, counting round as half bales, ginned from the growth of 1917 to Sept. 1, compared with 850,668 in 1916, and 463,883 for 1915. Round bales included this year are 22,724, compared with 81,335 for 1916. The number of bales ginned from the growth of 1917 prior to Sept. 1 in Alabama totalled 18,605.

Finding that we could not procure the blanks, we made the fact known as broadly as possible, and as a result a number of individuals and concerns had them printed and for sale. This, no doubt, resulted in the price at which they were sold being somewhat reduced. The board regrets very much its inability to furnish the blanks, but is in no way responsible, as it did everything it could to get them."

SECRETARY McADOO ON ADVERTISING LIBERTY BONDS.

Secretary of the Treasury William G. McAdoo has issued a comprehensive statement in regard to the proposed advertising of the second Liberty Loan through the newspapers, in which he cites some very good reasons why such a campaign could not be carried out successfully.

He says:

A private enterprise may advertise in a selected number of mediums most useful for its purposes and may control its expenditures for that purpose without any limitation except its own desires or ability to pay.

If the government engages in such a campaign it must advertise in every newspaper and periodical in America without discrimination. All must have equal treatment and should have equal treatment. The government must be thoroughly democratic and impartial in a matter of this sort. To make the advertising thorough and effective it should be done on a broad and liberal scale.

The cost of such an undertaking would be very great and would exceed the appropriation which the congress has thus far made available for the sale of Liberty Bonds. The question is, however, being carefully considered by the department, but obviously a final decision cannot be reached until more light has been received as to the cost of an effective campaign and until it has been decided what appropriations will be made available by the congress for future issues of Liberty bonds.

This is an argument the merit of which cannot be denied. For the government to buy space in many of the periodicals of the nation would be a sheer waste of money. A paper without pulling power, a paper that is tolerated and not wanted, as an advertising medium is worthless. It is only the virile publications, those that exist because they are a necessity and supply a real want, that can give value received for the money spent with them.

While as a business proposition, the federal government should pay as willingly for advertising space as it does for armor plate, at the same time there is a certain patriotic obligation imposed upon the press that private concerns seem able to overlook. For the coal barons to rob the public in war times is considered good form. For the paper trust to strike directly at the liberty of the nation by levying a tribute upon the press is also in order. The nation demands, however, that the newspapers and magazines be conducted upon a higher plane. It expects those who preach to practice. It would have no respect for a venal press, nor for one that was deficient in ideals.

The government can confidently expect the same liberal treatment in conducting the sale of the second Liberty Loan bonds from the press that it received when the initial issue was offered. It can best show its appreciation by taking some effective step to curb the rapacious paper manufacturers who have made it hard for many of the weaker newspapers to exist.

ALBANY'S NEW ADVERTISING CAMPAIGN.

The Albany Board of Commerce, through the co-operation of some 40 merchants and business men, is planning to conduct the largest advertising campaign in the history of the city. It will publish page advertisements for twelve consecutive weeks in five of the leading newspapers of this section, and in addition will distribute 5000 page circulars telling of the merits of Albany and extending an invitation to neighboring communities to come here to trade. This evidence of progress and aliveness, in itself will commend Albany to a wide territory as a hustling young metropolis well worthy of patronage. The buying public will naturally arrive at the conclusion that merchants of so much initiative and enterprise can be counted on to have not only complete stocks, but modern stocks and correct stocks. Let the advertising continue. It made Atlanta. It will make Albany.

TIME TO APPLAUD.

That there is a time for all things is a Biblical axiom that is generally accepted. This makes it apropos to add that there is a time to applaud. Last night the band played "Dixie" at the Red Cross meeting and didn't get a hand-clap. A New York audience would have gone wild. In fact, a northern audience never fails to applaud a national air. In these patriotic and piping times of war, it is hard to understand how patriotic southerners can restrain their enthusiasm when a bank breaks into "Dixie" or "The Star-Spangled Banner" or "America."

Relations Between U. S. and Sweden are Badly Strained

The Russians are occupying new positions that had been fortified in advance.

The Germans have failed to cut the line of retreat of the Russian army that was holding the front from Riga to the gulf.

GERMANY USES ZEPPELINS.

(International News Service.) Copenhagen, Sept. 8.—Germany is using Zeppelins against the Russians in the operations east of Riga. These monster dirigibles are being utilized for attacks upon villages as well as for scouting purposes. So far as known this is the first time the Germans have used the Zeppelins for actual fighting on land.

The Germans claim to have advanced nearly 50 miles east of Riga, although there are indications that the Russian defense is stiffening.

There is great activity at the Russian naval stations at Revel and Kronstadt. It was reported from Stockholm today that the Russian men-of-war were being fueled and laden with supplies and ammunition as though for a cruise at sea. Advances today stated that Petrograd was calm.

TRUANT OFFICER IS NAMED BY ALBANY COUNCIL

USE OF ARMY FOR MANUFACTURING CONCEALED REQUESTED BY BOARD OF COMMERCE.

C. M. Livingston has been appointed by the Albany school board as "truant officer" and will take up his duties the first of October when the compulsory attendance law goes into effect. His job will be to visit the different homes and ascertain why any boy or girl within the compulsory ages does not attend school. The city council was asked last night to pay the expenses of this officer. The proposition was referred to the city attorney for investigation as to whether the pay should come out of the city's fund or out of the general school fund.

The city council in session last night extended a vote of thanks to City Attorney Tannis Tidwell for his services in behalf of the city in the cases against the Land Company. Attorney Tidwell stated that he had been successful in sustaining dollar for dollar the assessment of the city on the majority of the various lots of the Land Company.

The Board of Commerce asked for the use of the armory room of the city hall as headquarters of a new manufacturing enterprise soon to come to the city. The only objection raised to the project was the annoyance from the immense amount of noise raised by the various machines on the upper floor. The proposition was submitted to the public property committee for final adjustment.

Several complaints were voiced as to the street light service rendered for the last few months. No action was taken.

The report of Chief of Police W. D. Cobb showed 47 arrests made during the month of August, all of which were convictions. The total fines imposed were \$348.70 and \$4.10 was worked out. Of the above amount \$176.30 was delinquent street taxes.

NEGRO IS GIVEN LIFE SENTENCE

Pleads Guilty to the Murder of His Wife Recently.

Dan Bracken, negro, of Oakville, a few miles from Danville, who killed his wife a few weeks ago, pleaded guilty to the charge before the Lawrence county circuit court now in session, and was given a life sentence in the penitentiary.

Bracken became angry with his wife over some domestic affair, and shot her once with a revolver. He at first claimed that the killing was accidental, but his wife indicted him before she succumbed and Bracken afterwards confessed.

Local Soldier Boys Reach Camp Pike

Secretary Draper of the local board has received notice that the first four boys who left early Wednesday morning for Camp Pike, arrived there in time for breakfast Thursday morning. Owing to the train being late the boys had to lay over several hours Wednesday afternoon in Memphis.

The boys arrived in good form and are likely strutting around in new uniforms, viewing their drilling grounds and getting acquainted with their officers.

Six Men Enlist At Decatur Station

Following a call by the local recruiting station for negro volunteers, Sergeant Ball has secured three enlistments—Noble Love, Albany; Thos. Wallley, Decatur, and Chas. Lanier, Madison. White boys enlisting are: Chas. E. Mullen, Harris; David O. Griffin, Scottsboro; Alfred B. Wilson, Moulton.

MIXED TRIAL IS SET FOR MONDAY

Curbie Jones, negro, has been arrested and placed in jail on the charge of shooting Almeter Reed a few nights ago. His preliminary hearing as well as the preliminary of "Tommy" Mosely and two white boys will be held Monday afternoon at 1:30 before Judge Frank Davis at the Decatur city hall.

The Reed negro was shot, it is said, while in company with the two white boys and "Billie" Mosely by some unknown negro who approached from the rear. She received a serious injury in the spine but will likely recover.

One of the boys was arrested and placed in jail. The other has not been arrested.

KAISER READY TO RESTORE BELGIUM

SAYS DISPATCH FROM AMSTERDAM THAT IS NOT OFFICIAL.

(International News Service.) London, Sept. 8.—Germany in her reply to Pope Benedict's peace note will agree to the complete restoration of Belgium, according to a dispatch from Amsterdam, quoting the Dutch Roman Catholic newspaper Tyd. The dispatch added that Germany would insist, however, that no separate agreements regarding Belgium's independence should be made.

(International News Service.) The Hague, Sept. 8.—Representatives of the Pan-Germans are beginning to get ready to bring up the president's reply to the German peace note when the Reichstag meets on Sept. 26. Dispatches from Berlin today said that the Lokal Anzeiger, which is now controlled by big industrial interests, has started a campaign to induce the Reichstag to protest with a rebuke against certain parts of President Wilson's note.

SELECTION BOARDS IN ALABAMA USE DIFFERENT GLASSES

Huntsville, Ala., Sept. 8.—The district board for Division No. 2, of the northern district of Alabama, has compiled some interesting figures relating to the percentage of men drawn for the national army who have been excused for physical reasons and by reason of having dependents on their labor.

The statement of the district board is addressed to the adjutant general at Montgomery, and is as follows: "From the papers before our board we have figured out the percentage of exemptions allowed by the local boards in our district for physical reasons on the certificates of the examining physicians. This runs from 10 per cent excused in Colbert county to 74 per cent in Marion county, with insufficient data at this time from Winston county to make the calculation for that county. The list is as follows:

County	Quota	Called	Excused	P.C.
Cherokee	169	338	77	23
Colbert	171	342	32	1
Cullman	224	448	120	25

Dr. Copeland to Chaplain of Senate at Washington, D. C.

Dr. Theodore Copeland, pastor of the Lakeside Methodist church, has just received and accepted an invitation to serve as chaplain of the senate in Washington for two weeks during the month of October. He will fill the place of Rev. F. J. Prettyman, chaplain of the senate, and this invitation is a rare honor for the Pine Bluff pastor, as it will give him an opportunity not only to open the senate with prayer each morning, but to preach on other occasions in the churches of Washington where the congregations often include President Wilson, members of the cabinet, prominent statesmen of this and other nations and members of the diplomatic corps. This is the second honor conferred upon Dr. Copeland from Washington, as he was recently invited by Herbert Hoover, national food commissioner, to attend a conference in Washington at which plans for the food conservation campaign were discussed.

Dr. Copeland has just returned from an extended visit to Alabama, during which time he conducted a series of meetings at Blountville, where he was born and reared, and also visited Athens, Birmingham, Tuscaloosa and other cities. Mrs. Copeland, who accompanied her husband, is now visiting at Athens, her former home. Dr. Copeland will leave next month for Washington.—Pine Bluff (Ark.) Commercial.

Rev. Copeland was a minister of the Methodist church here twenty-five years ago, and is remembered here by many friends.

GLAD TO TESTIFY

Says Watoga Lady, "As To What
Cardui Has Done For Me, So
As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

"America"

My country! 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died!
Land of the pilgrims' pride!
From ev'ry mountain side
Let freedom ring!

My native country thee,
Land of the noble free
Thy name I love;
I love thy rocks and rills,
Thy woods and templed hills;
My heart with rapture thrills
Like that above.

Let music swell the breeze,
And ring from all the trees,
Sweet freedom's song;
Let mortal tongues awake;
Let all that breathe partake;
Let rocks their silence break,
The sound prolong.

Our fathers' God! to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

ATHENS NEWS

Mrs. C. A. Bowers, of Woman's College of Montgomery, has been visiting Mrs. R. S. Beattie and other relatives this week. She left today for her home. Her large circle of friends remember her as Nelle Sloss, and have given her a cordial welcome to her father's old home.

The schools are opening here each week. First one, E. D. A. S., opened with the largest attendance it has ever had, something like 150 or 160. There are new teachers, too, as the former ones were called to war. Athens gives this new faculty a cordial welcome.

dial welcome.

Miss Dickinson, with two assistant teachers, Miss Witt and Miss Cotton, opened their school with a fine attendance.

Mr. Greene has a large school and had to secure another teacher for the younger pupils.

Mr. J. Spawling, of Ionia, Mich., came to attend Greene's school, its reputation having reached the far north through John Beattie. Mr. Crow Adair Anderson, of Florida, is also attending the same school. Both are well pleased. These young men will be with Mr. and Mrs. Beattie for the school year.

The city school will open Monday, Sept. 10, and there will be no lack

of pupils, as the new laws are in effect as regards all public schools.

The College also will open next Tuesday and Wednesday, and they expect a large attendance this year.

The Alumni Association has beautifully furnished the parlor of the college for the teachers.

Mrs. Izard is slowly improving and is able to be wheeled about in her chair, and enjoys the outing very much.

Miss Cora Lee Stonestreet left this week for Birmingham, where she will take a business course at Massey's.

Miss Rebecca Chandler left this morning for her school work in Samford College, Texas. She will be missed by her large circle of friends.

Miss Jean Reeves leaves for Decatur today, where she has a position in the school there.

Mrs. Farmer and daughter, Sarah, left for their respective lines of work this week, both going to South Carolina.

Mrs. Hazel R. Phillips and her sister, Miss Mac Rodgers, have gone to Birmingham, where they both have fine positions.

Miss Inez Carter returns to her position in Birmingham.

The Misses Roberts will be in Dothan, Ala., and Alabama City respectively.

Miss Florence Turrentine has gone to take her same position in the Magic City.

All Now Ready

the general chairman will call on business men for short talks. Already representatives coming from the smaller towns to be visited promise large crowds and their support in these "get together" visits.

Beginning next week an advertising "stunt" aggregating several thousand dollars will begin in five or six newspapers. These page advertisements will feature Albany as a buying and selling center. Already the printing force of the Daily is at work on 5,000 of these pages stories which will be distributed at the various stops. These advertisements will also give the name and the business of the firms promoting this big position.

All are especially urged to attend the meeting Monday afternoon when the time of starting and way of going and other minute details will be decided.

Miss Price Appointed
County Demonstrator

Miss Ruby Price has returned from Auburn, where she has been to consult with the state authorities relative to home extension work in the South. She has been commissioned by the federal government as county demonstrator and enters upon her duties at once, with headquarters at Athens and Hartselle, as she will have charge of Limestone and Morgan counties. She will instruct in preserving, canning and drying fruits and vegetables and making soups, salads and meals of peanuts and soy beans. The first demonstration will be given at Falkville on Tuesday.

to pay salaries. America is in its nineteenth war; has won all previous ones and will win this one. The Red Cross treats a fallen enemy as tenderly as a wounded friend. A year ago the Gulf States division had only 7,000 members, now it has 500,000. Arkansas, Alabama, Mississippi, Texas and Louisiana are the states in the Gulf division. 700,000 knitted garments are needed for our soldiers. General Joffre's name is pronounced with the 're' silent, as if spelled 'Joff'. Joffre saved America as well as France at the battle of the Marne. We shall have a holy peace; an everlasting peace; a proper peace. For such a consummation you and I and every devout man and woman should ever pray."

Ten Persons Take
Civil Service Exams

First of Kind Ever Held in Alabama North of Birmingham.

Ten persons took the first stenographic and typewriters' examination ever held in Alabama north of Birmingham yesterday at the Y. M. C. A. Seven of the applicants were from Albany and Decatur, two from Hartselle, and one from Tusculum.

The examination was conducted by L. P. Smith, civil service examiner of Birmingham, assisted by W. N. Gentry of the Albany postoffice. Mr. Smith congratulated the applicants on their earnestness and also expressed surprise at the number taking the first examination.

Mr. Gentry hopes to have a similar examination here every month as is held in Birmingham.

BIG MONTH FOR
ALBANY CARRIERS

MORE THAN 30,000 PIECES OF MAIL HANDLED ON ROUTES DURING AUGUST.

More than 30,000 pieces of mail were handled during August on the four rural routes out of the Albany postoffice, according to Assistant Postmaster A. L. Jolly.

The four carriers carried 20,942 pieces of first, second, third and fourth class mail, to be exact. The total weight of this mail was a fraction over 3,221 pounds.

During the same period of 1916 the carriers handled 28,560 pieces of mail and this fine increase in business was made in spite of the fact that whiskey circulars, formerly a big proportion of the mail in Alabama, are no more.

The Albany rural routes cover a large section of Morgan county. The carriers are Elbert L. Jolly, Jerome C. Smith, R. K. Balch and Claude W. Williams on Routes 1, 2, 3 and 4 respectively.

Peach Tree Grows
Second Crop Fruit

The latest freak in the vegetable world that has come to the attention of this office is the production of two crops of peaches on the same tree. This is something that Luther Burbank himself has been unable so far to do.

The tree in question is the property of Chas. H. Hullen, 1701 Sixth avenue. The tree bore about three pecks of peaches that ripened about the first of July. Now the tree has a second crop of about 200 peaches which will soon be ripe.

What About the Boy?

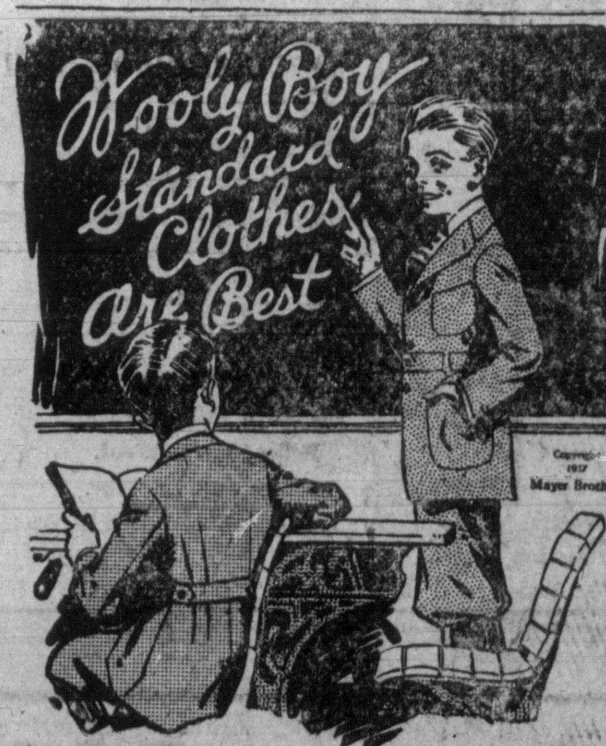

WHO BUYS THE BOY'S CLOTHING IN YOUR FAMILY?

We will venture the assertion that the mother usually dictates the price and that the boy himself is usually just a little bit "bossy" in regard to style, fit, general appearance, etc.

Experience has taught us that we must bring the boys "champaign taste" and the mother's shrewd, economical purchasing ability together.

We believe you will concede that we have done our part in this direction when you have examined our line.

The WOOLY-BOY manufacturers are not amateurs in the game. They, like ourselves, have given the question pretty close study before reaching their conclusions as to the requirements of the BOY.
